

Students Eat for Free!

All kids, 18
and under.

September 24, 2020

Dear Mountain View School District Families,

Earlier this month, U.S. Secretary of Agriculture Sonny Perdue announced that the U.S. Department of Agriculture (USDA) will extend several flexibilities for school meals throughout the remainder of 2020. "As our nation reopens and people return to work, it remains critical our children continue to receive safe, healthy, and nutritious food," the USDA said.

All children under the age of 18 are eligible for free meals whether learning is in the classroom or virtually. Families with children who are not yet school-age are also eligible for meals under this program.

Meals will be available for curbside pick-up from 12:30-1:00 on Mondays and Wednesdays at the High School, visitor parking lot. Lunches will include sandwiches, fresh vegetables, fruit and milk. Cereal and other assorted breakfast items, along with a fruit, juice and milk will be provided for breakfast. No congregating at the location is permitted. Families with multiple children in more than one school may pick up all meals at one location.

We remain committed to providing students access to healthy, nutritious and wholesome meals while assuring the utmost food safety without compromising quality. Please feel free to contact me if there are any questions.

Regards,
