

April 22, 2021

Dear Parents/Guardians,

This evening the Mountain View School District was made aware of five positive cases of COVID-19 at the elementary school. Due to these positive cases, 10 additional elementary school students and one elementary teacher have been quarantined. All family members were contacted and informed of the next steps.

The Department of Health was contacted and consulted with to ensure that all safety procedures and protocols were implemented. Due to the additional positive COVID-19 cases and the amount of students currently being quarantined, the Mountain View School District will transition to virtual learning for Friday, April 23, 2021 for THE ELEMENTARY SCHOOL ONLY. This virtual day will allow us the necessary time to further contact trace and complete additional deep cleaning at the elementary school.

PSSA testing at the elementary will be postponed upon the return of our students to in-person learning. ELA will be on Monday, April 26 and Math will be on Tuesday, April 27 and Wednesday, April 28.

The Mountain View School District will continue to be vigilant with its safety protocols and procedures to help ensure the safest environment possible for our students. If you have any questions or concerns, please feel free to contact me at 570-434-2180 or email me at melia@mvsd.net.

Sincerely,

Dr. Michael S. Elia
Superintendent of Schools
Mountain View School District
