

Mountain View School District

Erica Loftus, Director of Special Services

11748 State Route 6, Kingsley PA 18704
(570) 434-8439

Dear Parents/Guardians, Students, Staff, and Community members of the Mountain View School District:

It is a great honor to have recently been appointed the Director of Special Services for the Mountain View School District. I look forward to being a supportive member of the Mountain View School District, and helping to ensure that we are providing quality education to our students while providing our students with the skills necessary to become successful and contributing members of the community.

Success is often measured by external factors, but I believe that success should be measured by the goals we set for ourselves and the steps we take to achieve them. As an educator, it is my goal to lead the Special Services Department to a place where success is measured by our ability to maximize the potential in each and every one of our students, not just in terms of academics, but also terms of their social and emotional development.

My goal for the Special Services Department is to ensure that we as a district are meeting the needs of all of the students within our district through both remediation and enrichment programs in order to ensure that our students are provided with an education that is challenging, while providing support for our students to rise to those challenges. I believe that a combination of high expectations, encouragement, support, and flexibility will grow our students strengths while helping them realize their full potential.

Since becoming a part of the district at the beginning of January, my experiences with the students, staff, and parents/guardians of the Mountain View School District have been wonderful. It is very evident that we have a team of dedicated individuals, including parents, staff, and administrators, who are committed to making Mountain View a place where all students are included and supported. I am thrilled to now be a part of this amazing team.

It is my desire to work closely with the parents and guardians of the students throughout the district in order to be able to identify appropriate supports for our students. I encourage anyone who has any questions or concerns to please feel free to reach out to me through email at ELoftus@mvsd.net or by contacting the Special Services Office at (570) 434-8439. I look forward to growing productive and working relationships with the families throughout the district.

Sincerely,
