Purpose

The Board recognizes that reasonable guidelines concerning dress and grooming can facilitate the process of education and promote the district goal of respect and responsibility among students and adults. Although each student may have different tastes in attire, reasonable guidelines can preserve aspects of those tastes among the student body and promote a positive learning environment.

The Board has the authority to establish limitations on students' dress in school.[\[1\]](#)[\[2\]](#)

Students may be required to wear certain types of clothing while participating in physical education classes, technical education, extracurricular activities, or other situations where special attire may be required to ensure the health or safety of the student.[\[2\]](#)

Each building's faculty, staff and administration and/or designee shall be responsible to monitor student dress and grooming throughout the day and enforce school rules governing student dress and grooming. Administrative discretion will be final regarding enforcement of this policy.[\[2\]](#)

The purpose of a dress code is not to inhibit any person's taste in attire but rather to better facilitate the process of education through reasonable guidelines in dress. The Mountain View School District has adopted the following dress code policy for grades K-12.
